## NSW Branch – 2012 Pre-exam Refresher Workshop

### Preliminary Notice

The NSW ASC Branch Committee currently has plans underway for next year's annual **Pre-exam Refresher Workshop to be held from Friday 4 to Sunday 6 May**. The workshop will be held again in **The Blackburn Building in the University of Sydney campus**. The three-day program encompasses a varied format of lectures and interactive quiz sessions presented by specialist pathologists and cytologists.

We encourage anyone preparing for the ASC exam this year to attend, or anyone seeking a general refresher in relevant aspects of gynaecological and non-gynaecological cytology. The **workshop content is ideal for cytotechnologists and registrars and registration offers flexibility** so that participants can attend all three days of the workshop or select and pay only for the day(s) most appropriate for their needs.

The Workshop Program and Registration Form will be advertised and circulated early in 2012 but please mark these dates in your diary now if you are interested in attending.

If you have any queries please do not hesitate to contact the NSW ASC Branch Secretary Martina Kumar at [mkumar@stvincents.com.au](mailto:mkumar@stvincents.com.au) or Debbie Ekman at [dekman@dhm.com.au](mailto:dekman@dhm.com.au).
